

BONGA CASTLE summer 2022
Riitta Nelimarkka
Exhibition IMAGINE

Next summer Bonga will exhibit plenty of new works from artist's Helsinki and Bonga ateliers, as well as thrilling material from archives.

Some of the works of HASSUNA unit, presented in Milan and London autumn 2021, will enjoy a dialogue with the old castle and the young visitors. (All our visitors are young in mind). ;)

Also the Large woollen sculpture "My very determined Grand Mam" awarded in Florence Biennale 2021 will welcome you on Bonga's wall.

Art & cook book Ravissemants culinaires & artistiques (Seneca 2022) will be available too.

A great news from the heritage view is, that 2021 the whole roof of the building has been renovated and covered by copper according to its original existence.

We wish you a lovely, cultural summer!
